[^] The maximum no lapse guarantee period is the insured's age 100. You should refer to the no lapse guarantee period as specified in the current illustration of your policy.

BENEFIT HIGHLIGHTS

Universal Life Alpha Pro (Bermuda) and Universal Life Alpha Pro Century (Bermuda) are flexible premium universal life plans that support your estate or business planning by providing life protection while at the same time, allowing wealth accumulation and preservation.

This is a generic product overview. For detailed terms and conditions, please refer to the policy contract.

Lifetime insurance protection

- Death benefit[^] is designed to last a lifetime, providing for secure family protection, legacy planning and estate liquidity goals.

Cash value growth potential

- Your policy earns a steady stream of interest at rates TLB declares, which will never be lower than 1.50% per annum.
- A loyalty bonus crediting interest rate further enhances your long-term cash value growth potential. Starting from policy year 26, the account value will be credited with an additional interest based on the loyalty bonus crediting interest rate of 1.00% per annum until the insured's age 100.

Flexibility to meet your needs

- This is a flexible premium policy. You can choose to pay by single premium or by planned premiums over a duration of your choice. You may also contribute additional unscheduled premiums at any time⁺.
- You can decrease the amount of protection, i.e. the sum assured, and take money from your policy when needed, subject to the terms and conditions of the policy contract.

[^] For Universal Life Alpha Pro Century (Bermuda) policies, where the no lapse guarantee benefit is activated, the death benefit payable will be 80% of the sum assured, less the amount of any outstanding policy loans and any amount necessary to provide insurance to the date of the insured's death if the insured's death occurs during the grace period.

⁺ Subject to TLB's approval and the premium limitation provision as stipulated in the policy contract.

Access to your policy value[#]

- At any time after the free-look period, you may withdraw a portion of the policy's net cash value, subject to surrender charges and the limitations that are stipulated in the policy contract. Withdrawals reduce the sum assured of the policy by the sum of the amount of any withdrawal and any surrender charge that may be applicable, except withdrawals made under the surrender charge-free withdrawal provision^{##}.
- Starting from policy year 11, you may make a withdrawal, up to 5% of the account value per policy year without incurring a surrender charge. The amount of the surrender charge-free withdrawal will not reduce the sum assured.
- You may take a loan from your policy when needed, provided certain conditions are met.

Insured exchange option

- Allows the insured life to be changed during the life of the policy – enabling the policy to adapt to different needs, as well as supporting wealth transfer to the next generation, subject to underwriting approval and other conditions^{###}.

No lapse guarantee benefit — only applicable to Universal Life Alpha Pro Century (Bermuda) policies.

- This benefit keeps your policy in-force until the no lapse guarantee period expires (up to insured's age 100)^{^^} even if the cash value of your policy is insufficient to cover all the fees and charges due for the policy, provided that certain conditions are satisfied.

For details, please refer to “About Universal Life Alpha Pro Century (Bermuda)’s no lapse guarantee benefit” section in page 10 of this Product Summary.

[#] For Universal Life Alpha Pro Century (Bermuda) policies, withdrawals and policy loans will not be available when the no lapse guarantee benefit has been activated.

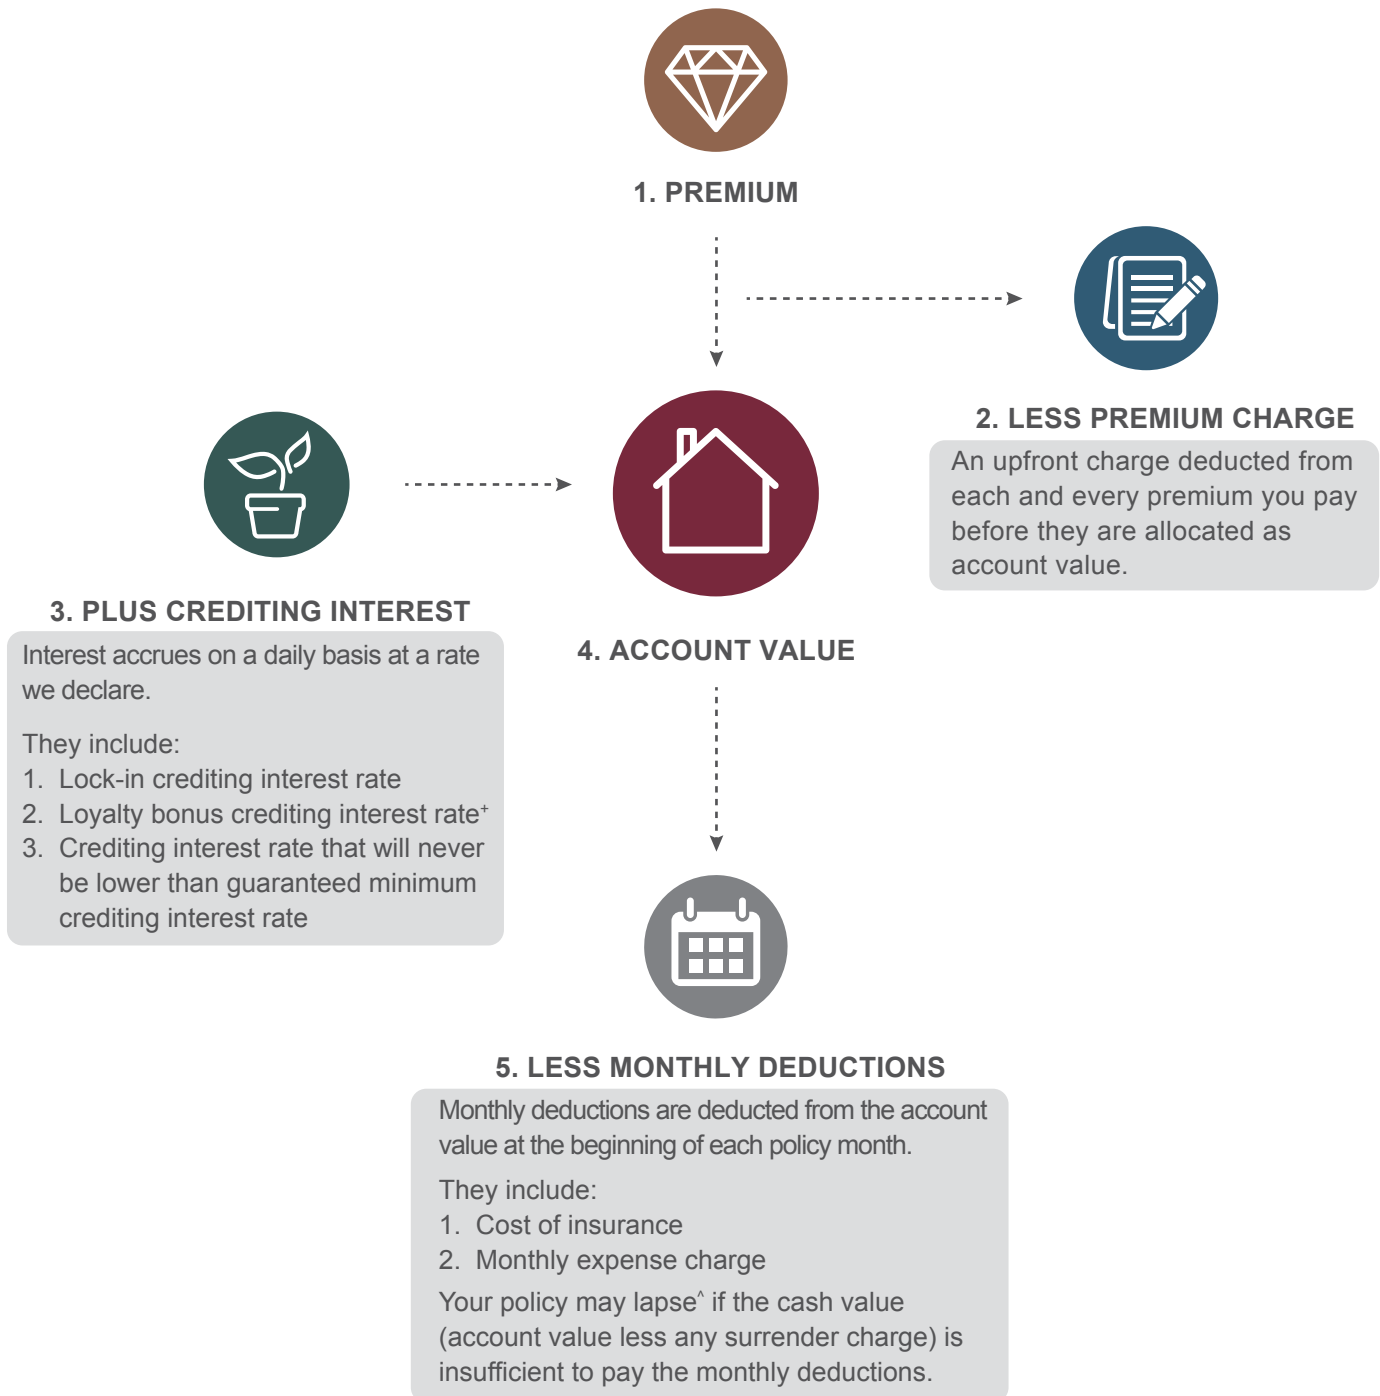

^{##} Withdrawals will not be permitted if the updated sum assured would be less than our published minimum sum assured for this product at the time of your request.

^{###} For Universal Life Alpha Pro Century (Bermuda) policies, insured exchange option will not be available when the no lapse guarantee benefit has been activated.

^{^^} The maximum no lapse guarantee period is the insured's age 100. You should refer to the no lapse guarantee period as specified in the current illustration of your policy.

HOW DOES THE POLICY WORK?

Coverage is effective as soon as the policy is issued. Below is a general illustration of how it works:

[^] Except for Universal Life Alpha Pro Century (Bermuda) policies with an in-force no lapse guarantee benefit. For details, please refer to “About Universal Life Alpha Pro Century (Bermuda)’s no lapse guarantee benefit” section in page 10 of this Product Summary.

⁺ Starting from policy year 26, the account value will be credited with an additional interest based on the loyalty bonus crediting interest rate of 1.00% per annum until the insured’s age 100.

ABOUT UNIVERSAL LIFE ALPHA PRO CENTURY (BERMUDA)'S NO LAPSE GUARANTEE BENEFIT

With an in-force no lapse guarantee benefit, the coverage of your Universal Life Alpha Pro Century (Bermuda) policy will continue until the no lapse guarantee period expires, even if the cash value of your policy is insufficient to cover all the fees and charges due for the policy, provided that certain conditions are satisfied.

The above diagram is hypothetical and for concept illustration purposes only.

Assumption: a single premium in accordance with the current illustration is paid with no withdrawals, policy loans and decrease in sum assured, and all the conditions for the no lapse guarantee benefit to remain in force are met.

The maximum no lapse guarantee period is the insured's age 100. You should refer to the no lapse guarantee period as specified in the current illustration of your policy.

You will need to keep the no lapse guarantee benefit in-force for it to be effective. **Withdrawals, policy loans and/or decrease in sum assured, and any scheduled premium payment(s) that are not paid in accordance with the current illustration may reduce the net account value of the no lapse guarantee account and cause the no lapse guarantee benefit to terminate earlier.**

Once the no lapse guarantee benefit is activated, the death benefit payable will be 80% of the sum assured, less the amount of any outstanding policy loans and any amount necessary to provide insurance to the date of the insured's death if the insured's death occurs during the grace period, and the death benefit cannot be further increased.

Also, once the no lapse guarantee benefit is activated, it cannot be reversed, thereafter the death benefit cannot be further increased, withdrawals, policy loans, insured exchange option and reinstatement will not be available.

If the net account value of the no lapse guarantee account is not sufficient to keep the no lapse guarantee benefit in-force on any monthly policy date, we will send you a notice setting out the amount you must pay to keep the no lapse guarantee benefit in-force. If you do not pay this amount in a form that is acceptable to us by the end of the no lapse guarantee benefit grace period, the no lapse guarantee benefit will automatically terminate and cannot be reinstated.

At any time after the termination or expiry of the no lapse guarantee benefit, your policy will enter the grace period under the circumstances described in the grace period provision in the policy contract.

Reasons for termination of the no lapse guarantee benefit

The no lapse guarantee benefit automatically terminates upon the first of the following to occur:

1. You fail to rectify any breach of the relevant conditions as set out under the no lapse guarantee benefit provision in the policy contract;
2. The no lapse guarantee period has expired;
3. Your policy is surrendered; and
4. Your policy terminates for any other reason.

For further details about the no lapse guarantee benefit, please refer to the policy contract of Universal Life Alpha Pro Century (Bermuda).

PROTECTION		
No lapse guarantee benefit	Not applicable	With an in-force no lapse guarantee benefit, the coverage of your policy will continue until the no lapse guarantee period expires even if the cash value of your policy is insufficient to cover all the fees and charges due for the policy. The maximum no lapse guarantee period is the insured's age 100. You should refer to the no lapse guarantee period as specified in the current illustration of your policy*.
Insured exchange option	Allowed; subject to insurable interest and other conditions.	
	Not applicable	Once the no lapse guarantee benefit is activated, insured exchange option will not be available.
PAYMENT		
Receipt of premiums	Each and every premium you pay will be allocated to the policy as account value after the deduction of the premium charge.	
Payment mode and frequency	Two scheduled premium payment options: 1. Single premium payment (split premium is allowed; to be paid within the first policy year). 2. Planned premiums, with or without a lump sum payment in the first policy year (flexible, to be paid until age 121).	
Unscheduled premium	Allowed and subject to approval, conditions apply. TLB reserves the right to refuse or refund amounts exceeding USD25,000 in any 12-month period.	
Premium limitation	We reserve the right to refuse or refund part or all of any premium paid during a particular policy year if the total premiums paid for that policy year are more than USD20 per thousand of sum assured of the policy and are more than three times the total of the monthly deductions for the last policy year.	

* There are certain conditions to be met (please refer to "About Universal Life Alpha Pro Century (Bermuda)'s no lapse guarantee benefit" section in page 10 of this Product Summary).

	UNIVERSAL LIFE ALPHA PRO (BERMUDA)	UNIVERSAL LIFE ALPHA PRO CENTURY (BERMUDA)
CREDITING INTEREST RATES (CIR)		
Lock-in CIR	During the first policy year, the CIR applicable to your account value is fixed when the policy is issued.	
Guaranteed minimum CIR	Your policy will earn interest at the guaranteed minimum CIR of 1.50% per annum. After the first policy year and prior to the policy anniversary at the insured's age 121, you will earn interest on your account value at a rate we declare. This rate is not guaranteed and may change from time to time without prior notice, but it will not be less than the guaranteed minimum CIR.	
Loyalty bonus CIR	Starting from policy year 26, the account value will be credited with an additional interest based on the loyalty bonus CIR of 1.00% per annum until the insured's age 100.	
CHARGES		
Premium charge	An upfront charge deducted from each and every premium you pay before they are allocated as account value. All years: 6.00% Calculation: charge rate x any premiums paid.	
Monthly deductions	From account value at the beginning of each policy month. Cost of insurance (COI) Applicable until insured's age 121; the prevailing rates [#] are guaranteed for the first five policy years. COI rates vary by gender, residence, issue age, duration of time that the policy has been in-force, underwriting class and smoking status. Calculation: COI rates [^] x difference between death benefit and account value. Monthly expense charge Applicable for the first 12 policy years; the charge rates are guaranteed at the level when the policy is issued. Monthly expense charge rates vary by gender, residence, issue age, duration of time that the policy has been in-force, underwriting class and smoking status. Calculation: monthly expense charge rate [#] x sum assured.	

[#] You may consult your financial representative for the relevant rates applicable to your policy.

[^] After the guaranteed period, the COI rates are not guaranteed and are subject to TLB's sole discretion to change. A written notice will be sent to you one month before the change is effective. For more information on the risk of increase of non-guaranteed charges, please refer to Key product risks section in page 17.

	Not applicable	Once the no lapse guarantee benefit is activated, reinstatement will not be available.

KEY PRODUCT RISKS

Credit risk

Universal Life Alpha Pro (Bermuda) and Universal Life Alpha Pro Century (Bermuda) are universal life insurance policies underwritten and issued by TLB. All premiums you pay towards your policy will become and remain part of TLB's assets. You do not have any rights or ownership over any of these assets. Your recourse is against TLB only. You take the risk of loss should TLB fail to meet any of the benefits your policy offers. As a result, you may lose all the premiums you have paid and insurance coverage.

You may refer to TLB's Corporate Brochure for information on TLB.

Currency risk

The currency of Universal Life Alpha Pro (Bermuda) and Universal Life Alpha Pro Century (Bermuda) is the US dollar. That means the payments you make and the benefits we pay are both in US dollars. The value of the US dollar fluctuates against other currencies. If your home currency is not the US dollar, the payments you make or receive may be worth more or less over time when expressed in your home currency.

Risk of CIR adjustment

TLB determines the CIR by considering various factors based on our CIR philosophy.

The account value of your policy will be affected if the CIR drops, as a lower amount of interest will be added to it.

The CIR is fixed for the first policy year. After that, we may increase or decrease the CIR. However, we guarantee that the CIR will not be lower than 1.50% per annum. In addition, the loyalty bonus CIR will no longer apply after the insured's age 100.

Risk of increase of non-guaranteed charges

Cost of insurance may increase after the guaranteed period. Should the rate of the cost of insurance be increased from its current level, a larger deduction will be made and this will impact the account value of your policy.

We may adjust the charges according to factors such as the expected future claims and expenses. However, the charges will never exceed the maximum level stated in your policy contract.

Inflation risk

As a result of inflation, the benefits you receive in the future may not be worth as much in relative terms as they are today.

Policy exclusion for suicide

If the insured person commits suicide within two years from the date of issue of the policy, we will not pay the death benefit. We will only return the premiums you paid for the policy up to that time, less any withdrawals or loans you have made against the policy and any fees and charges associated with those withdrawals and loans.

Other exclusions and limitations

Your policy may be subject to certain exclusion endorsements if the insured person engages in high risk activities, as an occupation or otherwise. Such endorsements will be attached to your policy contract and form part of your contract with us. Please refer to the terms of such endorsements for details of how our liability will be limited in such circumstances.

In addition, please refer to the policy application form and policy contract for the exact terms and conditions and take particular note of those terms where we will not pay the policy benefits (including but not limited to circumstances where we are required to take certain actions to meet our compliance obligations in any jurisdiction).

IMPORTANT NOTES

Change of sum assured

You may decrease your sum assured by a minimum of USD500,000 and the new sum assured must not be less than the minimum sum assured for the policy. There will be a surrender charge for any sum assured reduction within the first 15 policy years.

However, you may not increase the sum assured of an existing policy. If you want to increase the coverage, you will have to buy a separate TLB policy.

Withdrawals

At any time after the free-look period, you may withdraw a portion of your policy's net cash value, subject to the limitations described below, by sending us a written request. We will deduct the amount of any withdrawal and any surrender charge from your policy's account value, and will reduce the sum assured accordingly.

In any policy year, the maximum amount available for withdrawal is:

- (a) The account value; minus
- (b) All outstanding policy loans; minus
- (c) The sum of three (3) monthly deductions; minus
- (d) The full surrender charge.

If the amount of withdrawal you request is larger than the maximum amount described above, we will treat it as a request for a full surrender of your policy.

Any withdrawal will attract a surrender charge unless otherwise specified in the surrender charge-free withdrawal provisions in the policy contract.

If the new sum assured is lower than the minimum sum assured, the withdrawal will not be permitted.

As withdrawals will result in losing some or all of your life protection, you should give careful consideration to any decision to make withdrawals from your policy.

For Universal Life Alpha Pro Century (Bermuda) policies, withdrawals will not be available when the no lapse guarantee benefit has been activated.

Surrender charge-free withdrawals

Starting from policy year 11, you may make a withdrawal, up to 5% of the account value per policy year without incurring surrender charge. The amount of surrender charge-free withdrawal will not reduce the sum assured.

The maximum permitted surrender charge-free withdrawal amount will be the lesser of (a) and (b), where:

- (a) equals 5% of your policy's account value as of the withdrawal date, minus the sum of all surrender charge-free withdrawals since the last policy anniversary; and
- (b) equals the maximum amount available for withdrawal as described in the withdrawals provision in the policy contract.

Any withdrawal amount in excess of the maximum surrender charge-free withdrawal amount will be subject to the withdrawals provision in the policy contract.

For Universal Life Alpha Pro Century (Bermuda) policies, surrender charge-free withdrawals will not be available when the no lapse guarantee benefit has been activated.

Early termination of the policy

Universal Life Alpha Pro (Bermuda) and Universal Life Alpha Pro Century (Bermuda) are intended for long-term protection. There will be a surrender charge if you terminate your policy in the first 15 policy years. Termination of your policy will result in losing all of your life protection. In addition, the amount you receive may be less than the premiums already paid, particularly in the early years, due to charges and costs related to providing the protection. You should give careful consideration to the decision to terminate your policy.

Policy loan interest

A policy loan will incur interest. If you do not pay the policy loan interest, we will create a new loan to pay the interest. Your policy may lapse[^] when the cash value less any outstanding loan and loan interest is insufficient to pay the monthly deductions.

The loan interest rate is 7.40% per annum payable in advance (equal to an effective annual rate of 8.00% per annum).

In addition, any outstanding policy loans will be secured by a portion of the account value equal to the amount of such outstanding policy loans. The crediting interest rate for such portion will be 5.50% per annum.

For the loan interest rate and other details, please refer to the policy contract.

Policy lapse

There are some events that can cause the policy to lapse[#], including the cash value (less any outstanding loan) being insufficient to pay the monthly deductions (plus any loan interest due) of your policy on any monthly policy date.

Please refer to the policy contract for the full details of how your policy may lapse.

You will have a 61-day grace period during which you may make any necessary payments to keep your policy in-force. If you do not make the required payments, your policy will lapse[#] and it will result in losing all your life protection. Please note that fees and charges will continue to be deductible as long as the policy is in-force.

Right to cancel the policy

You have the right to cancel the policy within the free-look period after purchase. You may return the policy to us or the authorised representative through whom you bought it within 14 days after you receive the policy. We will cancel your policy and void it from the beginning. We will refund any premiums paid. No refund shall be made if a claim has been paid on your policy or if the cancellation request and this policy are not returned to us within the specified 14 days.

[^] Except for Universal Life Alpha Pro Century (Bermuda) policies with an in-force no lapse guarantee benefit. For details, please refer to "About Universal Life Alpha Pro Century (Bermuda)'s no lapse guarantee benefit" section in page 10 of this Product Summary.

[#] Except for Universal Life Alpha Pro Century (Bermuda) policies with an in-force no lapse guarantee benefit.
